New Account Application (A Shares only)

Customer Identification Program

To help the government fight the funding of terrorism and money laundering activities, federal law requires all financial institutions to obtain, verify, and record information that identifies each person who opens an account.

What this means for you:

- When you open an account, we will ask for your name, address, date of birth, and other information and/or documentation that will allow us to identify you. This information will be verified to ensure the accurate identity of all individuals opening a mutual fund account.
If we are unable to obtain the required information and documentations within a reasonable amount of time, your application will be rejected.
If we are unable to verify your identity within a reasonable amount of time, the Fund reserves the right to freeze or liquidate your account.
